

HERE4HUNTINGDON

H4H phases one, two, and three have cost over £980,000, and we are grateful to the following eighteen funding bodies who have all generously supported us with grants and donations amounting to £782,039. And we can be proud of our own church family and friends who have raised the balance of around 200,000 which is more than 20% of the overall total.
